GROUP FOUR
FURNITURE

INSTALLATIONS

Group Four provided furnishings for the Dunwoody Learning Resource Center at Georgia Perimeter College.

The library selected the 0903S Utah Sled base chairs for the study seating, with a brushed chrome finish and natural birch seats and backs. The study tables were the 7000 Post leg tables, with both wood edged and SoftEdge tops used. The brushed chrome table legs had a matching steel leveller glide, and were attached to the tops using tamper-resistant bolts and threaded inserts for added strength.

Group Four also supplied some 2903-3 Archer sofas, 6500 Tubular T base tables, custom study carrels, as well as end panels and canopies for the book shelves.
