CHAIRS

A comfortable post leg chair, particularly suited to library applications. The 1-1/2 inch steel tube legs are finished in chrome or epoxy. Seats and backs are moulded plywood, finished in lacquered birch veneer or covered with high density foam and upholstered. The George family includes an armchair, an armless model, and versions scaled to suit children and youth.

George armless chairs are shown with a 7300 series Library table, and a 6800 series FlatFoot table with quad column.
